Requirements List

Note: the following set of requirements use generic nomeclature. For the scope of the app the nomeclature may change but this should not have any affect on scope or requirements.

Please only look at where the Scope column is labeled as "Include". All other requirements should be ignored at this time.

Requirements Table

Interest List select list of interests, yoga should have sublist Include Must Profile Picture upload image Include Must Username pick username Include Must Username generate user image Include Must Username generate username Include Must Login login not required, use device id Include Must Login facebook login Exclude Must Login twitter login Exclude Must Login instagram login Exclude Must Login instagram login Exclude Must Posts sort posts based on relevancy Include Must Posts filter posts based on keywords Include Must Posts filter posts based on location (nearby) Include Must Posts filter posts based on location (nearby) Include Must Posts filter posts based on location (city) Include Must Posts post posting time Include Must Posts show avatar thumbnail of user of post Include Must Posts show avatar thumbnail of user of post Include Must Posts show attached image thumbnail of post Include Could Posts add new post button Include Must	omparison
